[More About Us](#)

#### Dear Green Achiever,

First of all we must apologise for the long delay in writing this newsletter, but the beginning of the year has been extremely busy and we've made and are making lots of improvements to the site, more about this below.

A warm welcome to all the new members. Since January we've had a record breaking number of new sign up's which is excellent and the scheme is going from strength to strength.

#### → [New look website](#)

As the Scheme continues to gather momentum, we felt it was time to revamp the website and provide you with more services and benefits. We're pleased with the new fresh look but we'd like to know what you think. We've added an important new service for those of you that are Self Assessed, Silver or Gold Achievers - an on-line environmental manager. To find out more click on the tools and guidance tab ([www.greenachiever.co.uk](http://www.greenachiever.co.uk)) which will open a new window and invite you to log in. From here you will have access to a wealth of information on environmental issues, including legislation, documents, tools, news, training, useful numbers etc, etc. We will be sending out username's and password's before the end of the month to qualifying companies. For those that at Green Achiever Registered level, access is limited.

More services are planned for later this year so keep an eye out.

#### → [Lanyon Bowdler Solicitors - Silver Achievers](#)

We are delighted to announce that Lanyon Bowdler Solicitors has been awarded the Silver level Green Achiever following an audit in March. Lanyon Bowdler is one of the most recognised firms in Shropshire and is synonymous with excellence. They have offices in Shrewsbury, Telford Town Centre, Wellington and Ludlow in the heart of a rural idyll.

Joel Priest the principal auditor from Green Achiever said "We are very impressed by the way the company has risen to the challenge of making an office environment operate in a way that is sympathetic to its environment. It is obvious that there is

commitment from the top which is driven throughout the company by environmental champions, Amanda Jones and Rowland Waddington." Apart from the very bold move to a new office on Ludlow's Eco park, all offices are being encouraged to consider energy consumption, travel, resource consumption and waste management. Amanda Jones said "As a firm, we are committed to being as environmentally conscious as we can do to ensure our carbon emissions are minimised and our working practices environmentally sound."

Well done Lanyon Bowdler.

To find out more go to [www.lblaw.co.uk](http://www.lblaw.co.uk)

Any feedback on the new look website would be appreciated...
